# WELCOME

## Dear Runners, welcome to Olbia!

We are thrilled to welcome you to Olbia21, an event that celebrates the passion for running and the beauty of our region.

On May 3, 2026, the streets of Olbia will transform into a route that winds through the heart of the city, along the waterfront, and through some of its most scenic areas. A unique experience that combines sports, nature, and a sense of community.

The available distances allow everyone to participate:

- Half Marathon (21.097 km) – FIDAL-sanctioned competitive race, valid for the Regional Champion title.
- 10 km – Perfect for those who want to test themselves over a shorter distance.
- StraOlbia Longevity Run 7.5 km – A non-competitive run/walk open to everyone, to be enjoyed with friends and family. This year brings an important change: **the Longevity Run will join forces with StraOlbia** in an event that focuses on the health, prevention, and well-being of the community.

Thanks to the support of institutions and partners, Olbia21 continues to grow, always with a keen eye on sustainability and inclusion.

We look forward to seeing

you at the finish line! The

Olbia21 Team

# DISCOVER OLBIA

Olbia, located on the northeastern coast of Sardinia, is a city rich in history and natural beauty. Its origins date back to ancient times, with a name of Greek origin meaning "Happy," a clear reflection of its beauty and strategic location within a well-sheltered harbor. This city has seen various civilizations pass through over the centuries, each leaving an indelible mark.

During the Nuragic period, Olbia was already an important settlement, as evidenced by the numerous nuraghi and archaeological sites that dot the surrounding area. These structures, built from large stone blocks, are a symbol of Nuragic culture and represent a deep connection to Sardinia's historical roots.

Throughout the Middle Ages, Olbia continued to prosper thanks to its strategic location in the Mediterranean. Situated along the maritime routes connecting Europe and Africa, the city has always been an important transit point for merchants and travelers. This privileged location contributed to its economic and cultural growth, making it a crossroads of trade and cultural influences.

# DISCOVER OLBIA

Today, Olbia is known not only for its fascinating history but also for its extraordinary natural beauty. Its crystal-clear waters, such as those at the famous Pittulongu Beach, attract thousands of tourists every year in search of relaxation and adventure. The white-sand beaches and hidden coves offer a paradise for lovers of the sea and unspoiled nature.

The city has become a premier tourist destination, thanks to its unique blend of history, culture, and breathtaking landscapes. Olbia is not just a place to visit, but an experience to be lived, where every corner tells a story and every view offers unforgettable emotions. With its historical heritage and natural beauty, Olbia continues to enchant anyone who sets foot there, confirming its status as one of Sardinia's hidden gems.

This is an advertisement for promotional purposes. Before granting a mortgage, the bank assesses your ability to repay the installments, i.e., your creditworthiness. For the contractual and financial terms of the mortgage, please refer to the document "General Information on Real Estate Loans Offered to Consumers", available at any branch or on [www.bancosardegna.it](http://www.bancosardegna.it) under the "Transparency" section. The property serving as collateral for the mortgage must be in energy efficiency class A, B, or C, covered by an explosion/fire insurance policy, and the loan must be backed by insurance coverage against life and/or property risks; the customer is free to choose insurance coverage, the insurance company of their choice. If a single premium fire/property insurance policy (PNO's) is not taken out or maintained for the entire duration of the loan, the contractually stipulated rate will apply. Insurance products from Assia Assicurazioni and distributed by Banco di Sardegna. Before signing, please read the information pack available at your branch or on the Company's website at [www.assicura.it](http://www.assicura.it). Promotional rates are reserved for new mortgage applications submitted on or after April 7, 2026, and are valid until May 15, 2026, or until the credit limit is exhausted.

5 million; after this date, the product will revert to standard terms and conditions unless the promotion is extended or terminated early. The deadline for new applications is August 31, 2026. The offer is valid

until May 31, 2026, unless it is extended or terminated early. The Bank reserves the right to make unilateral changes to the terms and conditions (pursuant to Article 118 of the Consolidated Banking Law). Example of a fixed-rate green mortgage including the cost of fire and explosion insurance and CPVPI coverage: calculated on March 27, 2026, for a mortgage secured by a residential property and granted by Banco di Sardegna (specify the lending bank) to a 40-year-old consumer customer, for an amount of €200,000, LTV (Loan-to-Value ratio) of 80%, term of 30 years, and repayable in 360 monthly installments. The example applies to a fixed-rate mortgage with a monthly payment of €1,414.56, nominal annual interest rate (TAN) of 2.85%, and an annual percentage rate (APR) of 3.69%, which includes interest of €48,263.60, application fee of €300, installment collection fee of €1.00 (per installment), cost of sending written communications of €2.00 each, substitute fee of €20 (per late payment), appraisal fee of €300, cost of mandatory fire and explosion insurance €2.50 (the cost is based on coverage for the risk of fire, lightning, and gas explosion).

(Under the policy offered by the Bank, the customer may choose another insurance company, cost of CPVPI fire insurance: €7,207.90. Total amount of credit: €98,702.00. Total cost of credit: €38,499.50. Total amount due by the consumer: €157,151.50.

### TIMING & RESULTS

The official timing for Olbia21 is managed by a specialized external company using the ENDU platform, with electronic chips for time tracking.

The chip is provided on loan along with the race bib and must be returned at the end of the race.

Failure to return the chip will result in a €25.00 penalty charged to the participant.

The chip must be properly attached according to the provided instructions and must not be tampered with or removed from its original mount to avoid tracking issues.

The 21K rankings are FIDAL-approved and include both the overall general classification and the classification reserved for Italian athletes and those deemed equivalent for the awarding of the regional title.

## REFRESHMENT STATIONS ALONG THE ROUTE

Refreshment stations are provided every 5 km, offering:

- Still water
- Electrolytes

Served in compostable cups, in an eco-friendly manner

Refreshments available at:

- Km 5
- Km 10
- Mile 15
- 20 km
